THE FOOD AND DRUG ADMINISTRATION IS CONSIDERING PULLING COMBINATION COLD MEDICATIONS FROM STORE SHELVES TO PREVENT DEADLY OVERDOSES OF ACETAMINOPHEN. ACETAMINOPHEN IS THE MAIN INGREDIENT IN TYLENOL AND OTHER OVER THE COUNTER PAIN-RELIEVING DRUGS... BUT IS ALSO FOUND IN MANY OVER THE COUNTER COLD AND FLU MEDICATIONS. ACETAMINOPHEN REMAINS THE LEADING CAUSE OF LIVER FAILURE IN THE UNITED STATES. PEOPLE TEND TO OVERDOSE ON THE DRUG WHEN THEY START COMBINING MEDICATIONS. "SO AT ONE PLACE THEY'RE TAKING A MAXIMUM DOSE OF TYLENOL, AT THE SAME TIME THEY'RE TAKING A MAXIMUM DOSE OF THEIR COLD AND FLU PREPARATION THAT CONTAINS ACETAMINOPHEN OR TYLENOL, AND AT THE SAME TIME THEY MAY BE ON PRESCRIPTION ARCOTIC MEDICATION SUCH AS OXYCODONE AND TYLENOL OR THEY MAY BE TAKING TYLENOL WITH CODEINE AND THEN THEY'LL BE TAKING THE MAXIMUM DOSE OF THAT, SO TYLENOL TOXICITY CAN BUILD UP FAIRLY QUICKLY." SYMPTOMS OF AN ACETAMINOPHEN OVERDOSE INCLUDE FEELING ORTABLE OR UNEASY, NAUSEA AND VOMITING, AND FATIGUE.

"I HAVE HAD A DECREASE IN THE NUMBER OF ACTINIC KERATOSIS. I DON'T KNOW IF I'M BEING PROACTIVE, BUT I ALSO FEEL ANY KIND OF HELP I CAN GET TO KEEP ME FROM COMING OUT FOR THESE LITTLE SPOTS, THE BETTER FOR ME." DR. BOWERS SAYS MANY PATIENTS BELIEVE IN THE POWERS OF HELIOCARE. "A LOT OF MY PATIENTS WHO HAVE TAKEN HELIOCARE HAVE TOLD US ABOUT INSTANCES WHERE THEY'LL HAVE A DAY WHERE THEY HAVE FORGOTTEN TO TAKE IT OUT AT THE GOLF COURSE AND THEN THE NEXT DAY THEY'LL TAKE IT AND NOTICE A DEFINITE DIFFERENCE IN THE AMOUNT OF REDNESS THAT THEY GET." DR. BOWERS SAYS THE PILL MAY BENEFIT PEOPLE WHO WORK AND PLAY IN THE SUN, ON THE WATER, ON THE TENNIS COURT OR ON THE GOLF COURSE. "OUR KIDS THAT ARE OUTDOORS THAT ARE PLAYING SPORTS, THEY MAY BE ON THE GOLF TEAM, THE TENNIS TEAM, THOSE ARE THE ONES THAT CAN REALLY BENEFIT BECAUSE THEY ARE GETTING SO MUCH DAMAGE RIGHT NOW THAT IT'S GOING TO STAY WITH THEM THE REST OF THEIR LIVES." AS FOR GAIL, SHE TAKES ONE PILL A DAY, EVERYDAY. "BECAUSE I GOT TIRED OF HAVING TO COME CONSTANTLY TO HAVE LESIONS REMOVED FROM MY SKIN."

QUITTING SMOKING, AND LOSING WEIGHT, BOTH ARE GOOD FOR YOU, BUT TRYING TO ACCOMPLISH BOTH AT THE SAME TIME CAN BE DIFFICULT. YOUR METABOLISM IN SMOKERS WHO QUIT SMOKING ACTUALLY GOES DOWN. ON AVERAGE MOST PEOPLE WHO QUIT GAIN 4 TO 10 POUNDS. IN ADDITION TO A SLOWING METABOLISM, STUDIES SHOW THAT PEOPLE WHO QUIT SMOKING ARE MORE LIKELY TO GAIN A TASTE FOR SWEET AND SALTY FOODS, AND CAN REPLACE AN ADDICTION TO CIGARETTES WITH

AN ADDICTION TO FOOD. PEOPLE SMOKE FOR DIFFERENT REASONS, TO REDUCE STRESS, TO HELP WITH DEPRESSION. AFTER IT IS NO LONGER THERE THEY USE FOOD TO HELP COPE WITH THEIR STRESS OR DEPRESSION. AND DR. BROWNFIELD SAYS, YOU SHOULDN'T USE FEARS OF WEIGHT GAIN AS AN EXCUSE TO KEEP PUFFING AWAY. THERE'S NO QUESTION IT'S MORE BENEFICIAL TO STOP SMOKING THAN TO WORRY ABOUT THOSE EXTRA POUNDS YOU MIGHT GAIN AFTERWARDS SO WHAT CAN YOU DO TO AVOID THE POST QUIT POUNDS? WELL IT COMES DOWN TO THE BASICS OF COURSE, EXERCISE AND EAT HEALTHY. IF SOMEONE HAS DECIDED TO QUIT SMOKING, THEY NEED TO TAKE THAT NEXT STEP AND CHANGE THEIR WHOLE APPROACH TO HEALTH WITH A NEW ATTITUDE.

RESEARCHERS AT THE CENTERS FOR DISEASE CONTROL SAY AN ESTIMATED 47-THOUSAND ELDERLY PEOPLE ARE TREATED IN EMERGENCY ROOMS EVERY YEAR FROM FALLS THAT INVOLVE CANES AND WALKERS. DOCTORS SAY MANY PEOPLE USE A CANE OR WALKER THAT IS NOT PROPERLY SIZED FOR THEM. "IT DOESN'T MEAN THAT YOU SHOULDN'T USE A CANE OR YOU SHOULDN'T USE A WALKER. WHAT IT HIGHLIGHTS IS THAT THESE INDIVIDUALS ARE ALREADY AT RISK FOR FALLS. AND THEY USE A CANE OR WALKER TO HELP STABILIZE THEIR ABILITY TO GET AROUND AND WALK. BUT IF THEY'RE NOT USING THAT DEVICE PROPERLY, IT CAN ACTUALLY INCREASE THEIR RISK FOR FALLS MORE." :16 RESEARCH COLLECTED OVER A FIVE-YEAR PERIOD SHOWED THAT PEOPLE WERE SEVEN-TIMES MORE LIKELY TO BE INJURED IN A FALL WITH A WALKER, COMPARED TO A CANE, WITH A FRACTURE BEING THE MOST COMMON INJURY. FIFTY-NINE YEAR OLD CLAUDIA COHEN IS ADDICTED TO ROCK MUSIC -- AND LIKES NOTHING BETTER THAN ROCKING OUT AT THE GYM...BUT A YOUTH SPENT AT ROCK *CONCERTS* LEFT HER WITH MODERATE HEARING LOSS AND EVEN THOUGH DOCTORS DIAGNOSED HER PROBLEM *FIFTEEN* YEARS AGO... SHE *REFUSED* TO GET HEARING AIDS. I WOULD CONSTANTLY EMBARRASS MYSELF. FOR INSTANCE ONE DAY MY SISTER SAID, "DO YOU HAVE ANY DEPENDS?" AND I SAID, 'DEPENDS? WHY WOULD I HAVE DEPENDS?' // AND FINALLY SHE CAME UP TO ME FACE TO FACE AND SAID, DO YOU HAVE TWO TENS?' I KEPT WAITING AND HOPING THAT I WOULD BECOME A BETTER LIP READER. AND THAT WASN'T HAPPENING. WHEN COHEN FINALLY DID GET HEARING AIDS IN 2008 SHE SAYS SHE IMMEDIATELY FELT WITHDRAWN AND SELF-CONSCIOUS. OH I WAS TOTALLY EMBARRASSED. BECAUSE I KNOW WHEN I SEE SOMEBODY WITH A HEARING AID I TEND TO ANNUNCIATE, I TEND TO SPEAK LOUDLY, I TEND TO DEAL WITH THEM AS THOUGH THEY ARE IMPAIRED IN SOME WAY // AND FOR ME TO BE WEARING THAT HEARING AID, I THOUGHT FOR SURE YOU KNOW THE DAYS WHERE SOMEONE WAS GOING TO LOOK AT ME IN SOME ATTRACTIVE WAY WERE TOTALLY OVER. AND SINCE TRADITIONAL HEARING AIDS CAN'T GET SWEATY AND THEY FIT OVER THE EARS COHEN SAYS SHE COULDN'T WEAR THEM TO THE GYM OR LISTEN

TO HEADPHONES...BUT A FEW MONTHS AGO COHEN READ ABOUT THE LYRIC HEARING AID -- DESIGNED BY DOCTOR ROBERT SCHINDLER, ONE OF THE PIONEERS OF THE COCHLEAR IMPLANT.SHE IMMEDIATELY MADE AN APPOINTMENT. UNLIKE TRADITIONAL AIDS WHICH GO OVER THE EAR AND EXPOSE THE MICROPHONE TO WIND AND OTHER NOISE, THE LYRIC IS FITTED *INSIDE* THE EAR CANAL NEXT TO THE EAR DRUM. IT IS SMALLER THAN A DIME -- BASICALLY JUST A MINIATURE MICROPHONE, A MICROCHIP AND A TINY SPEAKER WRAPPED IN A SMALL LAYER OF FOAM... ALL OF WHICH TAKE ADVANTAGE OF THE NATURAL SHAPE OF THE EAR TO COLLECT AND PROCESS SOUND. AND BECAUSE ITS BATTERY AND MICROCHIP ARE SO DEEP IN THE EAR... IT'S ALSO. INVISIBLE. SO MANY PEOPLE WHO COULD BENEFIT GREATLY FROM WEARING HEARING AIDS WON'T WEAR THEM BECAUSE OF THE COSMETIC ISSUE. BUT SUDDENLY WHEN THEY'RE GIVING A HEARING AID THAT NO ONE CAN SEE THEY BECOME ADDICTED TO IT AND THEY LOVE IT. BECAUSE THE DEVICE HAS AN INTERNAL BATTERY PATIENTS VISIT THE OFFICE EVERY TWO TO THREE MONTHS TO HAVE THE ENTIRE DEVICE REPLACED. I SEE THIS AS THE BEGINNING OF A CHANGE THAT'S GOING TO REVOLUTIONIZE HEARING LOSS IN THAT ONE DAY MANY, ALMOST ALL, OF US WILL WEAR HEARING AIDS THAT NO ONE CAN SEE BUT HELP ALL OF US HEAR BETTER. AS FOR COHEN: SHE SAYS THE LYRIC DEVICES HAVE DONE MORE THAN IMPROVE HER HEARING THEY'VE CHANGED HER LIFE...

RESEARCHERS EXAMINED DATA FROM OVER 4500 PEOPLE LIVING IN THE US, THE UK, CHINA, AND JAPAN. THEY FOUND THAT EATING APPROXIMATELY 5 PER CENT MORE GLUTAMIC ACID WAS LINKED TO A SMALL DECREASE IN BOTH SYSTOLIC BLOOD AND DIASTOLIC BLOOD PRESSURE. THE AVERAGE BLOOD PRESSURE DROP OF FROM 1 TO 3 UNITS MAY NOT SEEM LARGE, BUT IT REPRESENTS AN IMPORTANT REDUCTION. ACCORDING TO THE AMERICAN HEART ASSOCIATION, IF ALL AMERICANS LOWERED THEIR BLOOD PRESSURE BY THIS AMOUNT, MORE THAN 26-THOUSAND LIVES WOULD BE SAVED FROM DEATH DUE TO STROKE AND HEART DISEASE. THIS MAY ALSO EXPLAIN HOW THE DASH EATING PLAN WORKS TO LOWER BLOOD PRESSURE. THE DASH EATING PLAN IS RECOMMENDED BY THE NATIONAL INSTITUTES OF HEALTH AND THE AMERICAN HEART ASSOCIATION FOR PEOPLE WITH HIGH BLOOD PRESSURE. WHILE A MAJOR FEATURE OF THE PLAN IS LIMITING INTAKE OF SODIUM, IT ALSO ENCOURAGES THE CONSUMPTION VEGETABLES, WHOLE GRAINS, NUTS AND BEANS.

WHILE HALF OF THE ANIMALS ALLOWED TO EAT FREELY HAVE SURVIVED, 80 PERCENT FROM THE CALORIE RESTRICTED GROUP ARE STILL ALIVE. ALSO, COMPARED TO MONKEYS ON A NORMAL DIET, THE CALORIE- RESTRICTED MONKEYS HAD HALF THE AMOUNT OF HEART DISEASE AND CERTAIN CANCERS. THEY ALSO HAD NO DIABETES, A COMMON PROBLEM IN CAPTIVE MONKEYS. THE RESEARCHERS ALSO SAW THAT REGIONS OF THE CALORIE-RESTRICTED MONKEY'S BRAINS WERE BIGGER. THEY ARE CURRENTLY TESTING TO SEE IF THESE CHANGES RESULT IN IMPROVED MENTAL FUNCTIONING. AN AVERAGE ACTIVE 30-YEAR-OLD MAN EATS ABOUT 3000 CALORIES A DAY. BUT UNDER THE CALORIE RESTRICTED DIET THIS WOULD DROP TO 2100 CALORIES. I WAS DRAWN TO HER AND I WAS CONNECTED TO HER. AND I BE-- JUST BELIEVED FOR HER. AND WHEN I WAS AT THE ADOPTION FAIR THE LINE FOR BABIES WAS VERY LONG. BUT THEN THE LINE FOR SPECIAL NEEDS CHILDREN, I WAS THE ONLY ONE IN THAT LINE. SHE WAS BORN ADDICTED TO METHAMPHETAMINE. AND HAD A RARE CONDITION THAT CAUSED HER FACE TO HAVE PARTIAL PARALYSIS. SO SHE CAN'T SMILE AND THEY DIDN'T THINK THAT SHE WOULD ACHIEVE IN SCHOOL. AND JUST EVERYTHING WAS JUST NEGATIVE. THIS SIDE GOES UP, THE LEFT SIDE. AND THIS SIDE DOESN'T. RESEARCHERS TRACED THE GENETIC ANCESTRY OF THE THREE PANDEMIC FLU VIRUSES. THEY FOUND THAT THE GENES OF THE 1918 PANDEMIC VIRUS LIKELY CIRCULATED IN PIGS AND HUMANS AS EARLY AS 1911, AND THAT IT WAS NOT LIKELY TO HAVE COME DIRECTLY FROM BIRDS AS MANY HAD PREVIOUSLY THOUGHT. INSTEAD, THE PANDEMIC VIRUS WAS PROBABLY CREATED THROUGH THE VIRUS MOVING BACK AND FORTH MANY TIMES BETWEEN PIGS AND HUMANS, EACH EXCHANGE ACCELERATING ITS EVOLUTION. THEY FOUND THAT THE 1957 AND 1968 VIRUSES FORMED SIMILARLY. NOW THAT WE UNDERSTAND HOW THESE PANDEMIC VIRUSES FORMED, RESEARCHERS SUGGEST THAT WE MAY BE ABLE TO CATCH AND STOP NEW PANDEMIC FLU STRAINS BEFORE THEY EMERGE. THE KEY IS TO MONITOR THE ENTIRE FLU GENOME FOR CHANGES SIMILAR TO THOSE THAT HAVE SET THE VIRUS DOWN THE PANDEMIC PATH BEFORE.

BUT NOW, NEW RESEARCH, TO BE PUBLISHED IN NEXT MONTH'S ISSUE OF RADIOLOGY, FINDS BEING OBESE ACTUALLY INCREASES THE RISK OF RAPID CARTILAGE LOSS. THAT CAN LEAD TO OSTEOARTHRITIS, THE MOST COMMON TYPE OF ARTHRITIS. INVESTIGATORS LOOKED AT 3,000 PATIENTS BETWEEN THE AGES OF 50 TO 79 WHO WERE AT RISK FOR DEVELOPING OSTEOARTHRITIS. THEY TOOK A CLOSER LOOK AT THOSE IN THE GROUP WHO SUFFERED FROM SERIOUS KNEE PROBLEMS, DUE TO LOSS OF CARTILAGE. THEY ALSO NOTED A NUMBER OF THINGS, INCLUDING THE PATIENT'S BMI -- OR BODY MASS INDEX -- WHICH IS A MEASURE OF BODY FAT BASED ON A PERSON'S HEIGHT AND WEIGHT. FOR EVERY INCREASE OF ONE UNIT IN A PERSON'S BMI, THEIR ODDS OF RAPID CARTILAGE LOSS INCREASED BY 11%. DOCTORS INVOLVED IN THE STUDY NOTED THAT WEIGHT, UNLIKE GENDER, RACE OR CULTURAL BACKGROUND, WAS THE BIGGEST FACTOR IN CARTILAGE LOSS AND THAT LOSING POUNDS IS PROBABLY THE BEST WAY TO COMBAT THE CONDITION.

THIS IS THE TIME OF YEAR WHEN POISON IVY AND POISON OAK ARE POPPING. HEALTH EXPERTS WANT TO REMIND YOU TO BEWARE OF THE PLANTS. DOCTORS SUGGEST IF YOU THINK YOU'VE BEEN EXPOSED, WHATEVER YOU DO, DON'T SCRATCH!. "WHEN IT COMES TO RASHES ASSOCIATED WITH BOTH POISON IVY AND POISON OAK, THEY OFTEN DEVELOP IN SKIN-EXPOSED AREAS AND THEY CAN ACTUALLY BE MADE WORSE WHEN YOU SCRATCH. SO YOU MAY ACTUALLY NOTICE THAT THE RASH SPREADS ALONG THE LINES OF WHERE YOU ARE SCRATCHING OR WHERE YOU'VE TOUCHED YOURSELF AFTER YOU'VE SCRATCHED. NEARLY EVERYONE IS ALLERGIC TO THE URUSHIOL (OO-ROO-SHEE-OHL) OIL FOUND IN THE LEAVES, ROOTS, AND WOODY PARTS OF THE POISON IVY AND POISON OAK PLANTS. IT'S THE OIL THAT ACTUALLY CAUSES THE ITCHY RASH WHEN YOU COME INTO CONTACT WITH ONE OF THE PLANTS. IF YOU ARE EXPOSED... EXPERTS SUGGEST RINSING THE AREA WITH COLD WATER AS SOON AS POSSIBLE. HOT WATER WILL CAUSE YOUR PORES TO OPEN AND MAY SPREAD THE OIL EVEN MORE. YOU CAN ALSO TRY A GENTLE CLEANSER LIKE SOAP OR EVEN RUBBING ALCOHOL. BUT ONCE THE ITCHING STARTS, YOU CAN EXPECT IT TO LAST FOR AT LEAST A WEEK, SOMETIMES LONGER. THERE ARE MANY LOTIONS YOU CAN BUY TO HELP RELIEVE THE ITCHING. "OVER-THE-COUNTER TYPES OF SOLUTIONS LIKE CALAMINE LOTION, USING BENEDRYL, CAN HELP STOP THE ITCHING AND REDUCE SOME OF THE SWELLING. BUT AT TIMES, IF THE RASH DOESN'T GET BETTER OR SEEMS TO BE SPREADING OR SEEMS VERY WARM TO THE TOUCH, AT TIMES YOU HAVE TO GO SEE A DOCTOR." :15 POISON IVY AND POISON OAK CAN GROW ANYWHERE, ESPECIALLY NEAR TREES, SHRUBS, AND FENCE LINES. THAT WE FOUND WAS THERE WAS A 35 PERCENT IMPROVEMENT IN MOTOR FUNCTIONING FOR THOSE PATIENTS WHO DID THE FORCED EXERCISE COMPARED TO THE VOLUNTARY EXERCISE.INCREDIBLY, THE IMPROVEMENT LASTED - ALTHOUGH IT DWINDLED - FOR FOUR WEEKS AFTER SUBJECTS STOPPED BIKING. PROTEIN SCIENCES TOOK US ON A TOUR...EXPLAINING VACCINE INGREDIENTS IN THIS SOUP-LIKE CONCOCTION CONTAIN A VIRUS FROM INSECTS. THE COMPANY'S CEO SAYS IT'S MIXED WITH CELLS FROM A SINGLE CATERPILLAR DATING BACK TWO DECADES. "SO, YOUR STUDIES ARE BASED ON A CATERPILLAR FROM TWENTY YEARS AGO?" "YEAH..AND THOSE CELLS CONTINUE TO GROW AND MULTIPLY..WE'RE CONSTANTLY GROWING CELLS." THIS IS A KEY DIFFERENCE. THE LATEST ACHIEVEMENT AT MAYO CLINIC MAY SOUND LIKE SCIENCE FICTION, BUT DOCTORS SAY NOW... IT'S JUST PLAIN SCIENCE. "I THINK JUST A FEW YEARS AGO WE COULD NOT EVEN DREAM THAT THIS TYPE OF TECHNOLOGY COULD BE DEVELOPED," SAYS DR. ANDRE TERZIC.DR. ANDRE TERZIC AND DR. TIMOTHY NELSON SAY THEY'VE BEEN ABLE TO RE-PROGRAM NORMAL CELLS TO ACT AS EMBRYONIC STEM CELLS. THE NEWLY RE-PROGRAMMED STEM CELLS WERE THEN INJECTED INTO DISEASED HEART TISSUE IN MICE.THE HEART CELLS YOU SEE BEATING ON THE LEFT SIDE OF THE SCREEN ARE IN A CULTURE, NOT A LIVING BEING, BUT NONETHELESS THEY BEGAN TO REGENERATE AND BEAT ON THEIR OWN IN ABOUT TWO WEEKS. THE TECHNOLOGY ALSO ALLOWS RESEARCHERS TO AVOID THE CONTROVERSIAL ISSUE OF USING REAL EMBRYONIC TISSUE. "THIS TECHNOLOGY ALLOWS STEM CELLS TO BE REPROGRAMMED BACK TO THEIR PRIMORDIAL STATE WHICH MIMICS THAT OF EMBRYONIC STEM CELLS. AND THE FACT THAT WE CAN DO THIS WITHOUT ANY EMBRYONIC TISSUE OR USING ANY EMBRYONIC SOURCE IS A BREATH THROUGH," SAYS DR. TIMOTHY NELSON. AND RESEARCHERS SAY BY USING A PERSON'S OWN CELLS, IT ELIMINATES THE RISK OF REJECTION AND THE NEED FOR ANTI-REJECTION DRUGS. DR. TERZIC SAYS THE POTENTIAL FOR THIS TECHNIQUE IS "IMMENSE"." SO I THINK IT'S AN EXCITING TIME WHERE REGENERATIVE MEDICINE IS NO LONGER JUST A TERM THAT WE HAVE DIFFICULTY TO SPELL. IT BECOMES REALLY A REAL TERM THAT WILL BE ENTERING INTO PRACTICE MORE AND MORE," SAYS DR. TERZIC. DOCTORS SAY IT'S DIFFICULT TO PREDICT WHEN THE CELL RE-PROGRAMMING TECHNIQUE WILL MOVE TO HUMAN TRIALS.HOWEVER, THEY SAY WHEN IT DOES, MAYO CLINIC IS POISED TO ADVANCE THE TECHNOLOGY AS FAST AS POSSIBLE.

HERE'S MORE REASON FOR YOU TO LIVE A HEALTHY LIFESTYLE. A NEW STUDY FINDS EVEN WOMEN WHO DON'T HAVE HIGH BLOOD PRESSURE CAN LOWER THEIR RISK FOR DEVELOPING IT BY ADHERING TO A HEALTHY LIFESTYLE AND DIET. HARVARD MEDICAL SCHOOL RESEARCHERS STUDIED MORE THAN 83-THOUSAND WOMEN AGE 27 TO 44-YEARS OLD AND FOLLOWED THEM FOR 14 YEARS. NONE OF THE WOMEN HAD HIGH BLOOD PRESSURE WHEN THE STUDY BEGAN. RESULTS SHOW WOMEN WHO EXERCISED, MAINTAINED A HEALTHY WEIGHT, ATE A DIET HIGH IN FRUITS AND VEGETABLES, DRANK A MODERATE AMOUNT OF ALCOHOL, AVOIDED FREQUENT USE OF OVER-THE-COUNTER PAIN MEDICATIONS, AND TOOK A FOLIC ACID SUPPLEMENT DAILY... LOWERED THEIR RISK FOR DEVELOPING HIGH BLOOD PRESSURE BY ALMOST 80 PERCENT WHEN COMPARED TO WOMEN WHO DID NOT FOLLOW ALL SIX LIFESTYLE AND DIET FACTORS. "HIGH BLOOD PRESSURE IS A SILENT KILLER. OFTEN TIMES YOU DON'T KNOW YOU HAVE HIGH BLOOD PRESSURE UNTIL YOU HAVE DAMAGE TO SOME ORGAN OF YOUR BODY." THE STUDY ALSO FOUND THAT OF THE SIX LIFESTYLE FACTORS, THE MOST CRITICAL ONE OF ALL IS MAINTAINING A HEALTHY WEIGHT.

HIGH BLOOD PRESSURE - OR HYPERTENSION - IS A MAJOR CONTRIBUTING FACTOR TO THE LEADING CAUSES OF DEATH FOR MEN AND WOMEN IN THE U.S. "HIGH BLOOD PRESSURE IS A MAJOR CAUSE OF STROKE, AND A MAJOR CAUSE OF HEART DISEASE, OR HEART ATTACK." BROLL DOCTOR WALKING INTO OFFICE, SITS DOWN AT COMPUTER WOMEN CROSSING STREET DR. JOHN FORMAN OF BOSTON'S BRIGHAM AND WOMEN'S HOSPITAL AND HARVARD MEDICAL SCHOOL - AND HIS COLLEAGUES - DECIDED TO STUDY HYPERTENSION RISK BY TRACKING THE LIFESTYLE HABITS OF NEARLY 84,000 WOMEN WHO HAD NORMAL BLOOD PRESSURE AT THE BEGINNING OF THE STUDY. "IN OUR STUDY, WE ATTEMPTED TO QUANTIFY JUST HOW MUCH A WOMAN COULD LOWER HER RISK OF DEVELOPING HIGH BLOOD PRESSURE BY FOLLOWING A COMBINATION OF LOW-RISK LIFESTYLE FACTORS." *KEEPING A NORMAL BODY WEIGHT * EXERCISING * EATING A HEALTHY DIET * MODERATING ALCOHOL CONSUMPTION *AVOIDING OVER-THE-COUNTER PAIN RELIEVERS *TAKING FOLIC ACID SUPPLEMENTS THE STUDY APPEARS THIS WEEK IN JAMA, JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION. IT FOUND THAT, OVER FOURTEEN YEARS, STUDY PARTICIPANTS LOWERED THEIR RISK OF DEVELOPING HIGH BLOOD PRESSURE BY ABOUT EIGHTY PERCENT BY ADOPTING SIX LIFESTYLE BEHAVIORS: KEEPING A NORMAL BODY WEIGHT EXERCISING EATING A HEALTHY DIET MODERATING ALCOHOL CONSUMPTION AVOIDING OVER-THE- COUNTER PAIN RELIEVERS AND TAKING FOLIC ACID SUPPLEMENTS. "FOLLOWING JUST ONE OF THE SIX HEALTHY LIFESTYLE FACTORS DOES REDUCE THE RISK OF DEVELOPING HIGH BLOOD PRESSURE. HOWEVER, ADDING ON - AND COMBINING - MULTIPLE LOW-RISK FACTORS LEADS TO GREATER AND GREATER REDUCTIONS IN THE RISK OF DEVELOPING HIGH BLOOD PRESSURE." ADOPTION OF THE LIFESTYLE BEHAVIORS CAN HAVE SUCH AN IMPACT THAT THE STUDY ALSO FOUND THAT THE RISK OF DEVELOPING HIGH BLOOD PRESSURE CAN BE REDUCED EVEN AMONG INDIVIDUALS WITH A FAMILY HISTORY OF HYPERTENSION. THE STUDY ALSO FOUND THAT OF THE SIX LIFESTYLE FACTORS, THE MOST CRITICAL ONE OF ALL IS MAINTAINING A HEALTHY WEIGHT.

WE'RE LEARNING MORE ABOUT THE NEGATIVE EFFECTS A DIVORCE OR THE DEATH OF A SPOUSE CAN HAVE ON A PERSON'S HEALTH. A NEW STUDY FINDS DIVORCED OR WIDOWED PEOPLE HAVE MORE CHRONIC HEALTH PROBLEMS... EVEN IF THEY REMARRY. RESEARCHERS AT JOHNS HOPKINS UNIVERSITY STUDIED MORE THAN 86-HUNDRED PEOPLE AGED 51 TO 61. RESULTS SHOW PEOPLE WHO WERE DIVORCED OR WIDOWED HAD 20 PERCENT MORE CHRONIC HEALTH CONDITIONS LIKE HEART DISEASE, DIABETES, OR CANCER... COMPARED TO MARRIED PEOPLE. "WE ACTUALLY STOP TAKING CARE OF OURSELVES. THAT SOME OF THOSE HEALTH BEHAVIORS THAT WE INSPIRE EACH OTHER TO START TO FALL OFF WHEN WE FIND OURSELVES ALONE. SECONDARILY THEN, EVEN WHEN YOU REMARRY, SOME OF THOSE LONG-TERM HEALTH EFFECTS, NEGATIVE HEALTH EFFECTS, PERSIST." :15 RESEARCHERS ALSO SAY PEOPLE WHO REMARRIED HAD 12 PERCENT MORE CHRONIC CONDITIONS AND ALMOST 20 PERCENT MORE MOBILITY ISSUES THAN PEOPLE WHO WERE CONTINUOUSLY MARRIED. RESEARCHERS SAY THEIR FINDINGS SUGGEST DIVORCE MAY BE COMPARABLE TO A TRAUMATIC EVENT IN ONE'S LIFE.

THERE ARE MORE THAN 60-MILLION AMERICAN WEIGHING IN AS OBESE, AND WHEN DIET AND EXERCISE FAIL, MANY OF THESE PATIENTS TURN TO GASTRIC SURGERY TO TAKE OFF THE EXCESS POUNDS. AS WITH ANY SURGERY, THESE PROCEDURES CAN BE BOTH EXPENSIVE AND POTENTIALLY DANGEROUS. RESEARCHERS WHO LOOKED AT THE COST AND SAFETY OF WEIGHT- CONTROL SURGERY ACROSS THE NATION FOUND THAT COSTS VARIED WIDELY FROM STATE TO STATE. THE MOST IMPORTANT FACTOR IN PREDICTING SAFETY AND AFFORDABILITY WAS HOW MANY SURGERIES THE FACILITY PERFORMED IN A YEAR. AT HOSPITALS WITH A HIGH VOLUME OF BARIATRIC SURGERIES, PATIENTS HAD FEWER COMPLICATIONS, SPENT LESS TIME IN THE HOSPITAL, AND PAID LESS FOR THEIR PROCEDURES.

WE ALL KNOW WOMEN AND MEN ARE DIFFERENT AND THAT'S ALSO TRUE WHEN IT COMES TO HEART DISEASE. ACCORDING TO A NEW STUDY IN THE JOURNAL OF THE AMERICAN COLLEGE OF CARDIOLOGY, MEN AND WOMEN NOT ONLY HAVE DIFFERENT RISK FACTORS WHEN IT COMES TO HEART FAILURE, BUT THEY ALSO MAY RESPOND DIFFERENTLY TO TREATMENT, RAISING QUESTIONS ON WHETHER WOMEN ARE GETTING THE APPROPRIATE CARE. DOCTORS FROM THE WOMEN'S HEART FAILURE CLINIC AT THE CLEVELAND CLINIC IN OHIO, ARE CALLING FOR MORE CLINICAL TRIALS TAILORED TOWARD WOMEN. ACCORDING TO PHYSICIANS, HYPERTENSION AND VALVULAR DISEASE ARE THE LIKELY CULPRITS FOR HEART FAILURE IN WOMEN, WHEREAS MEN ARE MORE PRONE TO HAVE CORONARY ARTERY DISEASE. BUT IN MANY CLINICAL SITUATIONS, MEN AND WOMEN ARE TREATED THE

SAME. RESEARCHERS NOTED THAT IN HEART FAILURE TRIALS WOMEN ARE STILL UNDERREPRESENTED IN STUDIES, ADDING THAT MAJOR TRIALS IN THE LAST DECADE ON AVERAGE ONLY INCLUDED 28 PERCENT WOMEN. THEY SAID IT'S TIME FOR WOMEN TO GET INVOLVED IN MORE TRIALS TO HELP THE MEDICAL WORLD BETTER UNDERSTAND HEART FAILURE IN FEMALES.

THIS HAS BEEN A NICE WET SPRING. BUGS ARE GOING CRAZY. I'M CONVINCED THAT LYME IN A CHRONIC FORM CAN EFFECT PSYCHIATRIC ISSUES, NEUROLOGIC ISSUES AND YOU CAN HAVE NEUROLOGICAL PROBLEMS BUT OTHER EXPERTS SAY LYME DISEASE HAS NO PERMANENT EFFECTS ON THE BRAIN. HE HAS SEVERE HEARING LOSS, AND THIS IS THE DAY DOCTORS ARE ACTIVATING A HEARING AID THEY IMPLANTED IN HIS SKULL 3 MONTHS AGO. HOW ABOUT THERE? FEEDBACK? A LITTLE, WHEN YOU SPOKE, YEAH." DR. JACK WAZEN PERFORMED THE SURGERY. THE DEVICE GOES BEHIND THE

EAR BETWEEN THE SKIN AND THE FIRST LAYER OF THE BONE."EACH CLICK I HEAR S A DIFFERENT FREQUENCY."AFTER MAKING A FEW ADJUSTMENTS HERE..JUST RAISE YOUR HAND WHEN YOU HEAR THAT STATIC NOISE.GEORGE AND THE AUDIOLOGIST MOVE HERE, TO MAKE SURE THE DEVICE IS WORKING PROPERLY. AND IT'S NOT LIKE A TYPICAL HEARING AID.. THIS ONE TAKES SOUND AND TRANSFERS IT ELECTRO MAGNETICALLY TO A BIONIC EARDRUM.THE SOUND THEN IS AMPLIFIED AND REDIRECTED TO THE INCUS AS A MORE POWERFUL SOUND STIMULUS THAT CREATES LOUDER SOUNDS BECAUSE OF BIGGER VIBRATIONS.WE ARE GOING TO GO FOR THE LOWER FREQUENCIES, OKAY. SO FAR, GEORGE HEARS ALL THE SOUNDS THE AUDIOLOGIST RUNS BY HIM. QUITE HONESTLY IT FEELS WEIRD HEARING WITHOUT SOMETHING IN MY EAR. SO FAR I'M HAPPY WITH IT."AND HE'S AMAZED AT HOW SIMPLE THE HEARING AID IS TO OPERATE, THANKS TO THIS SMALL REMOTE YOU PUT IT UP TO YOUR HEAD AND THE MAGNET IN HERE CONNECTS WITH THE MAGNET IN THE DEVICE AND IT WILL ADJUST THE VOLUME OR TURN IT OFF IF I NEED TO TURN IT OFF. BUT THE BIG ADVANTAGE IS REALLY CONVENIENCE.IT IS NOT SOMETHING YOU ACTUALLY NEED TO PUT ON AND TAKE OUT, SO IT'S MUCH MORE COMFORTABLE TO GO TO SLEEP, IT'S MORE COMFORTABLE TO GO SWIMMING, FOR PEOPLE WHO ARE VERY MUCH INTO SPORT ACTIVITIES. ORKING OUTSIDE, BOATING, FISHING, SNORKLING... I COULDN'T WEAR A HEARING AID. SO NOW WITH THIS I AM ABLE TO DO EVERYTHING OUTSIDE THAT... AND I'LL BE ABLE TO HEAR, WHILE I'M DOING IT. IT'S KNOWN TO WARD OFF VAMPIRES. NOW, FRESH GARLIC MAY ALSO HELP WARD OFF HEART DISEASE. A UNIVERSITY OF CONNECTICUT STUDY SHOWS A CHEMICAL FROM FRESHLY CRUSHED GARLIC MAY RELAX BLOOD VESSELS. RESEARCHERS FOUND RAW, CRUSHED GARLIC GENERATES HYDROGEN SULFIDE, BEST KNOWN AS THE CHEMICAL THAT GIVES ROTTEN EGGS THEIR DISTINCTIVE ODOR. RESULTS SHOW, WHEN EATEN, THIS CHEMICAL CAN RELAX BLOOD VESSELS AND ALLOW MORE BLOOD TO PASS THROUGH THE HEART. BUT RESEARCHERS SAY PROCESSED OR COOKED GARLIC LOSES THE ABILITY TO GENERATE HYDROGEN SULFIDE... SO EAT IT RAW! IT'S A GREAT WAY TO SEASON FOODS, ANYWHERE FROM VEGETABLES, TO MEATS, TO MAKING SAUCES, PUTTING IT ON PASTA, ADDING IT TO BREAD. SO, THERE'S A LOT OF OPTIONS FOR YOU TO ADD GARLIC INTO THE DIET. :14

A NEW STUDY FINDS THAT SENIORS WITH LOW MUSCLE DENSITY ARE AT A HIGHER RISK OF BEING HOSPITALIZED. THE FINDINGS, PUBLISHED IN THE JOURNAL OF AMERICAN GERIATRIC SOCIETY, FOLLOWED 3-THOUSAND SENIORS BETWEEN 70 AND 80-YEARS OLD FOR A PERIOD OF FIVE YEARS. THE RESEARCHERS FOUND THAT THE AMOUNT OF FAT COMPARED TO LEAN MUSCLE TISSUE - ALSO KNOWN AS MUSCLE DENSITY -- IS THE MOST ACCURATE WAY TO GAUGE AN ELDERLY PERSON'S RISK OF HOSPITALIZATION. SENIORS WITH LOW LEVELS OF MUSCLE MASS HAD A 50 PERCENT GREATER CHANCE OF NEEDING HOSPITALIZATION THAN THEIR MORE MUSCULAR PEERS. WHILE DOCTORS HAVE PREVIOUSLY USED MUSCLE SIZE AS A MEASURE OF MUSCLE LOSS IN OLDER ADULTS, THE STUDY SHOWED THAT SIMPLE INDICATORS OF MUSCLE DENSITY--SUCH AS WALKING SPEED--WERE CHEAPER, EASIER, AND MORE ACCURATE AT ASSESSING FUTURE MEDICAL NEEDS. AGE-RELATED MUSCLE LOSS AFFLICTS 1 OUT OF EVERY 5 AMERICANS OVER THE AGE OF 65 AND CAN LEAD TO DISABILITY AND HOSPITALIZATION. THE STUDY'S AUTHORS BELIEVE THAT EXERCISE PROGRAMS FOCUSING ON MUSCLE DENSITY COULD RESULT IN FEWER SENIORS ENDING UP IN THE HOSPITAL.
